## MEDICAL ESTHETICS PROGRAM & CURRICULUM

Students enrolled in this program will graduate with classical esthetics training coupled with the most recent and advanced medical esthetics treatment training. Our curriculum is offered through an interactive online learning environment (LAB) as well as in-class instruction, hands-on practical experience with live models.

Courses: Skin Care, Manicure, Pedicure, Advanced Skin Care Treatment, Lash Lift & Tint, Spray Tanning, Medical Esthetics, Waxing Techniques, Makeup Applications & Business Management.

## CAREERS

Graduates of the Medical Esthetics diploma program may find employment in positions, such as Skin Care Specialists/Estheticians in salons/spas; and can continue to further employment as Entrepreneurs, Educators, Makeup Artists, Beauty Sales Representatives, Cosmetics Buyers, Beauty Editors or Columnists and Medical Assistants.

## PARTNERS-IN-TRAINING PROGRAM

There is an 80-hour volunteer work placement near the end of the program. Students will gain relevant work experience and have the opportunity to network in the industry.
